FALL PLANTING of SEED

Many nurserymen, both private and under government supervision, now recommend Fall Planting of evergreen seed. Growers report better germination and all around better results from seed sown in Fall.

This past spring, rainy, cool weather forced many growers to refrain from planting or, to plant much later than usual. Seed which required an early planting in many cases could not be planted at all. Eliminate this costly spring problem by planting your seeds this fall for next spring growth.

TERMS and CONDITIONS

This list cancels all previous offers effective September 15, 1960. Prices quoted are fob Allentown, Penna., including packing (except export orders). Unless otherwise specified, prices for one half and one quarter pound lots are based upon the proportional pound rate: for example, seeds costing \$5.00 per pound would cost 50 cents per ounce, or \$1.25 for quarter pound, plus postage. Please remit full value of purchase (INCLUDING POSTAGE) with order. Shipments made on open account providing satisfactory credit arrangements have been made in advance.

On orders amounting to \$10.00 or over, a cash discount of 2% is allowed. Orders totaling less than \$5.00 are subject to a 25 cent handling charge. Invoices are due when rendered unless otherwise specified.

Orders are accepted subject to final crop outcome. In event of crop failures or short supplies, deliveries will be made in sequence orders are received. We reserve the right to return orders received in excess of our supplies. Some seeds are perishable and cannot be stored over the winter months. Such seed items must be ordered either before collection begins or while supplies are available.

Shipments travel at customers risk after our release to carriers. Any claims for damages incurred in transit must be made to carrier. All shipments sent parcel post will be insured.

Forestry Associates guarantees the origin, strain and year of seed to be as quoted herein. "Certificate of Origin" will be furnished upon request. All seeds are tested for germination and purity and such information is attached to each seed lot sold. Contents tags comply with the laws of the states of Penna., Michigan and New York.

Shipments should be examined carefully after arrival for appearance and shortages. No claims will be honored after customer has stored or planted seeds.

OUNCE LOTS AVAILABLE AT 10% OF POUND RATE

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE

SPECIAL PACKING ON ORDERS OVER 20 POUNDS

Any order received for 20 or more pounds of a given specie of seeds, will be packaged in steel pails with seed enclosed in plastic. Please specify if you want this handy method of packaging. No extra charge for this service.

NOTICE TO FORMER CUSTOMERS OF THE

K. J. BRADEN SEED CO., ROCHESTER, N. H.

As of August 8, 1960, Forestry Associates has purchased the stock, etc. of the K. J. Braden Seed Co., formerly operated by the late Mr. K. J. Braden. To those customers who will receive our list for the first time, we sincerely hope that you will find our offers attractive. We shall strive to continue the service so ably offered by the late Mr. Braden. Please feel free to contact us for any additional information.
